

Southmead PO21 4EB Cannons Close TPO Bognor No2 we believe

The Surveyor, Gus Lambert feels this tree should be felled for safety reasons.

"The Oak tree in the rear garden is leaning slightly and in an unstable condition. There was permission to trim this back REF AW/241/10/T, but due to the condition, removal might be considered. Before this can be done, the TPO will need to be removed."

We are applying to have the TPO removed so that the diseased tree can be removed.

It is preferable to do this before the spring when the leaves will return.

Nick Lambourn

New owners of Southmead by end March 2021.
