Dear Ms Johnson,

Further to your letter re our planning application , the problem we have is that our neighbour is complaining that the branches of the tree are resting on his roof and causing a nuisance. Personally we do not want to reduce the tree any more than is absolutely necessary to avoid any property damage, whilst at the same time ensuring that the shape and balance of the tree is maintained and until the tree surgeon is actually doing the work it is impossible to say which branches need to be cut back and to what extent in order to retain the overall appearance.

In view of the above I suggest that we reduce the crown by a maximum of 5 meters but subject to the minimum amount in order to preserve the shape, balance and beauty of the tree. I trust this is satisfactory and look forward to hearing from you.

Kind Regards
David Gerrie
