Subject: Comments regarding planning application AW/259/18/PL.

Dear Sir

Re: Planning Application AW/259/18/PL - 10 Barrack Lane, Aldwick, Bognor Regis PO21 4BZ.

I am the owner occupier of 12 Barrack Lane which adjoins the application site.

In principle I have no objection to the building of a bungalow on this site.

However, if the application is successful, I would be grateful if conditions could be imposed to remove General Permitted Development Rights to this build. This would ensure that my privacy is not eroded by potential additions/extensions and loft conversions/roof windows and lights in the future (Class A,B and C).

Looking at the site plan the roof ridges at the same height do not correspond with the elevations indicating ridges at a different height.

Please could you acknowledge receipt of this email and advise me of the outcome once this application has been decided.

Many thanks.

Yours faithfully

Jane Riddle
