Dear Mr. Davis,

I wish to object to the planning application AW/25/15/A submitted by Morrisons Plc for signage to the Ship Inn building, Aldwick Street, Aldwick.

I object on the following grounds:-

1. Six signs on the Ship Inn building is far too many, they are still too big, and they are wholly out of character with Aldwick village.
2. Four of the signs will be externally lit. They will cause light pollution at night which will affect local residents in their homes.
3. No other business in Aldwick village has so many signs and none is lit from 7am to 11pm as Morrisons' would be.
4. Unlike their previous plans, Morrisons now proposes to erase all original references to the Ship Inn currently on the building's front and west elevations. They now appear to want to get rid of these original signs entirely as though the Ship Inn and its 200 year-old history never existed.
5. Morrisons should abide by the decision of the Development Control committee on 17 December which restricted them to one externally lit hanging sign.
6. Morrisons promised to include in the building's ground floor windows blown up photographs of old Aldwick and the Ship Inn. Instead Morrisons have now installed corporate images of fruit and veg produce. It serves to show the company cannot be trusted to do what it says.

Yours sincerely,

Doris Beam
