13th March 2018

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town & country Planning (Development Management Procedure) (England) Order 2015

Two storey rear extension (resubmission following AW/271/17/PL). This application also lies within the parish of Pagham.

36 Apple Grove Aldwick

Thank you for your internet representation made on 12th March 2018 which has been recorded as '**support**' with the comments as follows:

The reason for our application is to provide accommodation for my elderly parents, whom although live locally are finding it ever more difficult to live unassisted . Whilst I appreciate these mitigating circumstances are not considered when deciding the outcome of an application I feel compelled to inform you of our genuine reasoning when re- submitting the application .

We hope to have tried our utmost to ensure it's design has the least impact possible on the existing and neighbouring properties, plot and street scene. The revision amounting to little more than a small, pitched roof extension to the side/rear of our existing property.

Our main aim in design was to minimise the effect on any of the above considerations whilst we have hoped to demonstrate that it responds positively to the identified characteristics and resources of the site and the area to create attractive space with the needs of elderly relatives/people in mind. We believe it will have no adverse or any impact on adjoining occupiers or land uses of property, whilst fully taking into account any potential unacceptable adverse impacts that may arise from adjoining land uses or property. We hope to have taken into account in design, the retention of ALL existing buildings and other features such as boundary walls, hedges, trees.

We have demonstrated the proposed construction would sympathetically relate to and be visually integrated with the existing building in siting, design, form scale and materials; because it would be visually subservient to the main building and because the it would have no adverse overshadowing, overlooking or overbearing effect on any neighbouring properties. We would consider the adaptation to a potentially 5/6 bed home unlikely to create any increase in traffic movement in the road and as at the end of the lane it would create no parking issues for neighbouring properties as ample space is available with parking for up to 6 cars available within the current curtailment of the property.

Although we feel that in its design the simple development has taken into account any possible affect on our neighbours, we would also, in consultation with them where possible, adapt our design to overcome any concerns of Members of the Aldwick Bay Company Planning Committee .

I would be happy to meet again and discuss the project with you at your convenience if required or happily invite a(nother) site visit.

Thank you for taking the time to read my representations.

Kind Regards

*The Millens

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
