Dear Mr Docherty,

Town & Country Planning Act 1990 (as amended) s211 Notice

Prior Notification of Work to Tree(s) in a Conservation Area

Development: T1- Bay remove due to damage to wall-pushing wall over due to close proximity of it and extensive root system.
T2- Cedar-remove due to damage to wall-increased craving and lifting of wall.
The trees are in a tree rich area and the need for replacement may not be required due to the amount of planting in place and the close proximity of the wall to which they would be situated.
The applicant has had the neighbours bring this to his attention due to the damage to the wall from the root systems of the above trees.
In my opinion it would be prudent these were removed to remove the ever increasing damage to the wall and neighbouring property.

Location: 226 Manor Way Aldwick PO21 4HS

Thank you for your application submitted via the internet on 23rd September 2020. It has been downloaded and will be checked for validity by the Technical Support Unit. It has been allocated the reference number **AW/260/20/TC**.

Once your application has been checked we will contact you again.

This letter does not confirm validity of the application/documentation submitted.

Yours sincerely

Neil Crowther

Group Head of Planning
