Dear Sirs

Application for tree works S.T. a tree preservation order

Please find enclosed my planning application to remove 3 to 4 upper limbs from an eucalyptus tree in my garden.

The tree is covered by TPO/AW/121/10 (2013).

We hope that these works will save the tree from bending further over the adjoining maple tree by reducing weight on the trunk.

Yours faithfully

Hi Mr Cox

Removing some of the limbs we discussed would help to balance the Eucalyptus Tree out and by doing a crown reduction to the Maple Tree would help to give the Eucalyptus some more room and light thus hopefully stop it growing out at any more of an angle.

Kind Regards

Chris Matthews
