Dear Mr Butcher,

I have started going through the application for 61 Queens Fields West. The Parish Council have objected due to the impact on the character of the area and that the proposed extension is not visually integrated. As the application is I would agree with them. For me this is due to the proposed roof, are there any changes to the roof available to reduce the impact, I would look to have the roof one level so there is not the change part way along which would draw attention.

I look forward to hearing from you.

Kind regards
