Hi

Many thanks again for all your help and for accepting my proposed materials.
I attach an amended planting list with further details as requested.
Should more details/clarifications be necessary, please let me know.

Regards,
Gabriel Urseanu

Dear Gabriel

Thank you for your email of yesterday. I was aware that the roof to no.24 has been repainted/refurbished and that it is difficult to now match the current colours.

I have spoken to the Officer who dealt with the original application and he has accepted your suggestions of:-

Roof Tiles – Sandsoft Shire Pantile Mottled Red Sandfaced.
Bricks – Mapplewell Light.

Therefore I will formally discharge this condition next week.

In the meantime I have received the following response from our Parks & Landscaping Team regarding condition 4:-

"The plant species choice detail for this location is suitable, however I still require clarification re the proposed planting with actual plant numbers, planting density and size at time of planting. This is needed for all the new planting detail and particularly required for the laurel hedge proposal."

Could you please provide me with this additional information? After today I am not in the office again until next Wednesday so I will deal with any further emails on my return.

Thank you.

Samantha
