Hi Sam

Further to the submission of additional information contained in Landscaping Details document amended 10/12/2018 and dwg Oct 2018 I can confirm that the information submitted now is sufficient in detail to **recommend the discharge of landscape condition under application AW/270/18/DOC.**

regards

Hi Sam

Thank you for the plan D01 September 2018. The plant species choice detail for this location is suitable, however I still require clarification re the proposed planting with actual plant numbers, planting density and size at time of planting. This is needed for all the new planting detail and particularly required for the laurel hedge proposal.

Regards

Dear Sue

Thanks for your help with this. If the attached is still not sufficient please let me know and I will go back to the applicant.

Sam
