Re: Dissolving of Grok Architecture Ltd.

Dear Terry and Jan,

I hope you are both well.

It is with sincere apologies that I regrettably have to write to inform you that I am dissolving Grok Architecture Ltd, and therefore am providing you with notice that I will be terminating my services for the proposed works to your home.

As a gesture of goodwill, please find enclosed the necessary drawings to submit in support of a planning application for your extension and garage conversion. Please bear in mind that based on the enclosed design you will require planning and building control consent before starting any works.

Kind regards,

Matthew Winning
