

REASONS FOR PROPOSED TREE WORK

T1 Pedunculate oak in the rear garden of 41 Old Place

- Reduce apical and lateral spread by a maximum of 1.5m

- Current height 16.0m
- Finished height 14.5m

	<u>Current branch length</u>	<u>Finished branch length</u>
North	7.0m	6.5m
East	4.0m	4.0m
South	7.5m	6.0m
West	6.5m	5.0m

The tree cast a tremendous amount of shade into the garden and living space of 15 Westminster Drive and as such the applicant would like to undertake a crown volume reduction to both trees to abate the nuisance being caused.

The measurements were taken using a TruPulse laser clinometer however, the final pruning points will be dictated by their availability/suitability and as such the measurements may vary.
