Dear Lee

## **Site Visit to - 10 Barrack Lane PO21 4BZ**

I Can confirm that the silver Birch tree which I have marked on the map as T1 is dead.

Due to the extremely dry summer and change to the tree environment as a result of the building works, it has died from excessive stress.

The tree will need to be felled and ideally the stump removed to allow for replanting.

I hope the above advice is of help. Please don't hesitate to get in touch if you have any questions.

John Bentley ND Arb
