Dear Mrs Johnson

Thank you for your email.

The previous consent included a pitched roof over the rear addition to the dwelling, the new application includes a part pitched roof and part flat roof.

I trust this makes the works proposed and revision to the previous consent clear. Perhaps the application description could be changed to 'Revised roof design to part tiled & part flat from all tiled, revision to AW/102/19/HH'.

Please advise if you consider the revision could be best dealt with as a 'non-material alteration'.

I trust you now have all relevant information to validate the application.

Yours sincerely

I am currently working on validation the above application, received in this office on 3<sup>rd</sup> February 2020.

It is unclear for what you are applying for.

Please be more precise in the description of the application.
