**COMMENTS ON REPRESENTATIONS RECEIVED:**

**CONSULTATIONS****CONSULTATION RESPONSES RECEIVED:**

The applicant has employed the Arun Tree Company Ltd to prepare and submit a tree survey report and sketch plan in support of this application. This is comprehensive and includes a detailed work specification for each item.

There are trees at several locations included in this proposal. The Tree Survey and Sketch Plan were simultaneously considered during my site assessment.

Conclusion:

The work proposed is justified on arboricultural grounds and there will be no loss of public amenity on completion.

Recommendation:

I recommend APPROVAL for this application, subject to the following condition:

Condition to Be Applied to Approved Work: -

Where whole branches are to be removed and final cuts made close to the trunk or branch union they are to be made as shown in Figure 2 of BS3998:2010

Where branches are to be shortened back the final cuts are to be made at the correct angle shown in

BS3998:2010 and adjacent to a live bud or lateral.

Reasons: In the interests of the trees continued health and vitality and to accord with current industry guidelines and sound arboricultural practice.

#### POLICY CONTEXT

#### DEVELOPMENT PLAN POLICIES

#### PLANNING POLICY GUIDANCE:

NPPG      National Planning Practice Guidance

NPPF      National Planning Policy Framework

#### POLICY COMMENTARY

The above policies are general and, other than online Planning Policy Guidance under references ID 36-090-20140306 and ID 36-091-20140306, are not specific to trees.

#### DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 198 of the Town and Country Planning Act 1990 states:

"If it appears to a Local Planning authority that it is expedient in the interest of amenity to make provision for the preservation of trees.... they may for that purpose make an order"

The works to the trees are to be judged having regard to amenity

#### OTHER MATERIAL CONSIDERATIONS

It is considered that there are/are no other material considerations to be weighed in the balance with the Development Plan.

#### CONCLUSIONS

Following the comments from the tree officer, it is recommended consent be approved (granted), subject to the following conditions and informatives.

#### HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
