Tree works on Craigweil Private Estate
23-10-13

Dear Bob,

I enclose the following recommendations to trees you have brought to my attention.

1 – Young Lime Tree outside no 24 Kingsway

Lightly crown lift the lower canopy by 2 mtrs over road only

2 – White Poplar outside no 23 Kingsway

Remove the three lowest limbs approximately 20 -25cms in diameter, also prune off the sucker growth.

3 – Wingnut Tree outside 35 Kingsway

Reduce and reshape the entire tree by 2 to 2.5 mtrs all over. This tree will respond well to pruning.

4 –

5 – Golden Leylandii over the path outside 57 Kingsway. Fell and remove.

I hope the above recommendations are helpful

Regards

John Bentley (signed)
