4, Queen's Fields East
Bognor Regis West Sussex PO21 5RN

16th December 2012

Planning Ref:- AW/285/12

Dear Councillors,

With reference to the above planning proposal for the repositioning of the fence at 33, Churchill Avenue.

I object to this request as the estate was built as a " Garden Estate" for the purpose of having an open plan view.

The repositioning of fences would obscure peoples views and create a closed in effect. Allowing this would set a precedence for future applications, and the clean lines of the estate , and the well maintained gardens would be lost.

It would be un-neighbourly to the rest of the estate and totally out of character , so changing the whole ethos of a Garden Estate.

Sincerely
