Dear Sirs.

Re: Felling of Conifer Tree.

I am writing to ask permission to
fell 1-40/50ft. tree, this was here when
I moved here over 25 yrs. ago, planted
in a raised bed, by the previous owners.
Due to the stormy weather, the tree
is swaying towards the house,
consequently the retaining wall has
started to crack, I now feel this
has become very dangerous, to both
my neighbour and myself.
Enclosed photographs.

Looking forward to your
reply.
Yours faithfully,

(Mr.) A. W. T. STEPHENS.
