Subject: Re: Application AW/294/19/HH

The product will be TGV vertical boarding.

The colour is determined by the process of heating the Finnish pine and spruce to 200 degrees C so it is difficult to provide a specific colour other than brown.

Dear Mr Butcher,

I am emailing regarding application AW/294/19/HH (54 Kingsway). On the plans it illustrates there will be some 'MetsaWood' cladding added can you clarify the product type including colour so that I can include it within the report.

I look forward to hearing your response.

Kind regards,

Finlay Gardner
