Dear Ms Moore,

Further to my earlier email please note that the horse chestnut is actually located within the curtilage of 52 The Drive.

Kind regards,

Dear Ms Moore,

Thank you for your email and letter.

It is possible that the tree was a sapling in 1958 although unlikely; on the basis that it is probably best to take a more cautious and considered approach the TPO & Conservation Area boxes were both ticked on the application form.

The application form was completed following a site meeting and consultation with the tree officer.

Kind regards,
