Dear Mr Denton,

This is an unexpected decision as the proposal is simply a repeat of work previously completed? However, please amend the application to allow the work on T1, T2 and T3. Thank you for your help.

Kind Regards,

Mark Turner.

Dear Mr Turner,

This email is regarding you current application for tree consent works at 19 Craigweil Lane, Aldwick.

As it stands, the application is set to be refused, as the Arboriculturalist believes that the proposed works to T1, T2, T3 and T4 are unacceptable.

If you would like, I can remove the works to these trees from the application, as this would provide you with a decision that allows you to perform works to T5, T7 and T7.

Please reply within a week so I can change this for you.

Many thanks,

Z Denton
