Good afternoon,

As requested, please find attached: A new Site & Location Plan and an amended plan with room label.

I trust this meets with your approval

With regards

David Pittard

Good afternoon,

Unfortunately, the new Location Plan received does not measure to scale. Along with this, as you will be altering the red outline for the Location Plan, the Block Plan will also need to be amended as these red lines need to match.

Upon further inspection, I noticed the new plans you sent yesterday with the room label did not measure to scale however the original did. Please amend.

Please let me know if you require any further assistance.

Kind Regards
Ms Malik

Hi,

That's what I thought - Makes sense now.

Since your last email I have been working on a version with Microsoft Paint – not easy on my work laptop. Please see attached.

If this is not acceptable I will have to go back to ReQuestaPlan for a blank plan and draw the lines on myself (for another £12)

Thanks again

David

Hello,

Yes that's correct, you need to join the red line up as I displayed in my earlier email so the outline is around the entire site boundary and remove the red line (outlined in blue below) that's currently excluding the property.

Kind Regards
Ms Malik

Hello,

On your first point, yes please. I would be very grateful if you would amend the diagram with correctly scaled dimensions. Thank you very much.

I'm still confused by the red line issue – are you saying all I need to do is join up the red line which seems to have been omitted by the auto-generated ReQuestaPlan (highlighted by the blue circle below)?
If this is correct I can easily add this. Please confirm I have understood correctly.

Many thanks and kind regards,

David

Hello,

Unfortunately, this new block plan submitted and the dimensions listed do not measure to scale. Please amend or with your permission I can add the dimensions to the original block plan submitted.

In regards to the location plan, the red solid square is fine it's the red outline around the site which is causing the issue. I have attached below the location plan with a blue outline which I believe is what the red outline should be.

I hope this helps.

Kind Regards
Ms Malik

Good afternoon Ms Malik,

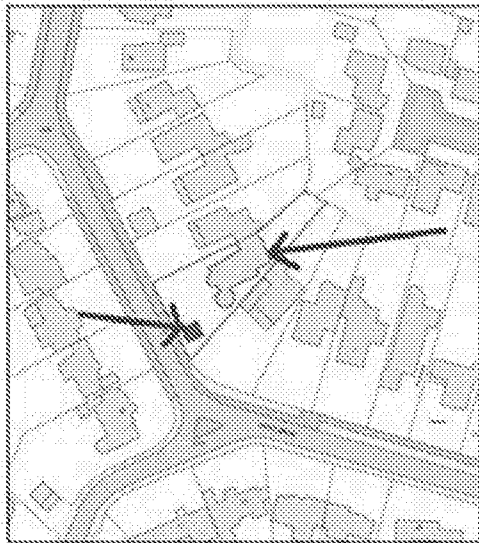

Thanks for your reply.

Sorry to be causing you extra work.

As directed I have re-saved the Block Plan as a pdf (attached) and have amended the Floor Plan drawing to state "Garage" (attached).

I'm still a little confused by the Location Plan needing a Red Line around the entire site address/property; The blue arrows on the upper image show a red line around the existing property (top arrow) and a solid red square where the proposed garage will be (bottom arrow).

I'm guessing it the solid red square that is causing the problem – would it be acceptable to blank this out (as per the bottom image) and then re-submit – or should I purchase another plan from ReQuestaPlan?

Thank you again for your forbearance in this matter.

Kind regards

David

Good afternoon,

Thank you for getting back to me.

The applications remains invalid for the reasons below:

The location plan needs an outline around the entire site address, the one currently submitted appears to have excluded the property building. Please amend.

There is no issue with labelling the room garage, that is acceptable.

Please resubmit the block plan with dimensions in PDF format.

Kind Regards
Ms Malik

Good morning Ms Malik,

Ref: AW/302/20/HH - 4 West Drive. PO21 4LY

I refer to the above Planning Application.

Many thanks for your reply. I have endeavoured to provide the details as requested in Neil Crowther's email of 3rd November (attached):

Location Plan: You have asked for a solid red line around the application site. I have checked on my Portal application and can confirm this a ReQuestaPlan created plan was originally attached. In case I placed it to the location, a copy is attached to this email.

Floor Plan: You have asked for room labels on all floor plans. Since there is only one room in the proposed single-story garage should I just label it "garage"?

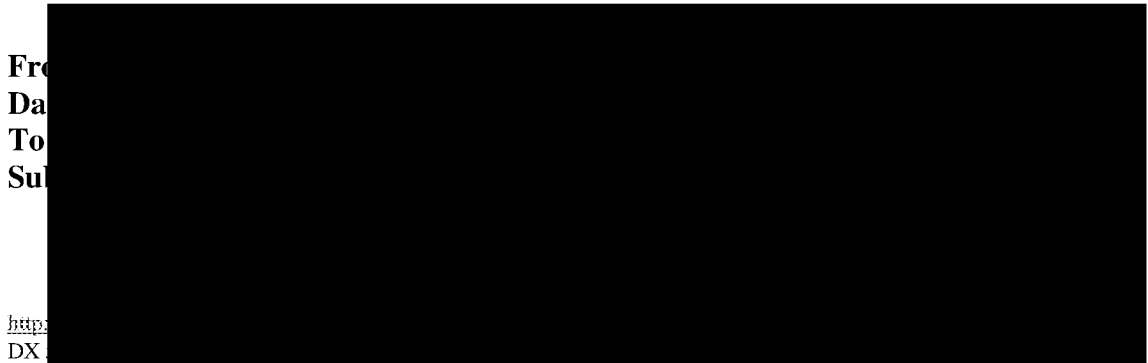

Block Plan: An amended site/block plan from ReQuestaPlan with dimensions overlaid is attached. Please confirm this is acceptable.

CIL Additional Information Form – As directed a copy of this form is attached. I'm afraid there was an issue when I tried to save the form as a pdf (all the imputed data was lost) so I have used the snipping tool to create a word document – I hope this is acceptable.

Thank you again for your speedy response. I hope you are coping well in these troubling times.

Kind regards

David & Kimberley Pittard
