

Application:

A tree line, covered by group TPO. Not all the trees are covered within the group TPO, however the full list will enable a better understanding of the completed works. The aim is to reduce the overhang toward the house and garage, over the driveway.

1. Bay - Trim back as close to boundary line to maintain good shape – leave 1-2m canopy.
2. Bay - Trim back as close to boundary line to maintain good shape – leave 1-2m canopy.
3. Hawthorn - Trim back as close to boundary line to maintain good shape – leave 1-2m canopy.
4. Hazel - Trim back as close to boundary line to maintain good shape – leave 1-2m canopy.
5. Field Maple - Trim back as close to boundary line to maintain good shape – leave 1-2m canopy.
6. Sycamore – Crown reduce spread over by driveway from 7m to leave 4m.
7. Pittosporum – Cut back hard to boundary line – leave 1-2m canopy.
8. Pittosporum – Trim back as close to boundary line to maintain good shape – leave 1-2m canopy.
9. Ash – Crown reduce by 2-3m, leave 3-4m canopy radius. Lift to clear roof by 2m.
