Planning Application AW/307/14/T

Dear Mrs Johnson,

With reference to our telephone conversation of 11/11 and your letter of 6/11. I made it quite clear in my application that I wish to fell ~~four~~ five trees not three as you mention in your letter. I also informed you that none of the work required related to 'this subject' but a T.P.O. - and yet you have headed your response 'Application for works to Telephone trees subject to a T.P.O.'

With regard to the information required for the crown reduction and spread for the Pittosporum tree, clearly as it is close to the fence separating my property from my neighbour, the spread will be half a metre on the fence side. On my side it will be two metres. The height of the crown will be six metres. I hope this is helpful.

Yours Sincerely,
