35 Kingsway  
Aldwick  
PO21 4DH

28<sup>th</sup> December 2024

**Tree Survey:**

Bay tree (T1): Upon inspection the tree appears to be in a fine physiological state. The tree is visible from the roadside and is situated on the front left corner of the plot next to 33 Kingsway's driveway.

Due to the tree's locality, size and vigour, remedial pruning is necessary for the duration of the tree's life span. The client wishes to reduce the height by around half, to a height of 4 metres to increase light levels in both properties.

Yours sincerely

Chris Matthews

All our work is carried out to BS3998: 2010 recommendations for tree work, and we are covered by 5-million-pound public liability insurance. Please note Conservation Area Planning rules or T.P.O 's (Tree Preservation Orders) may apply to some tree's requiring Local Authority consent, we always check to make sure there is no restrictions on trees before work can be carried out. If planning is necessary, please be aware this process can take up to 8 weeks to get a decision.
