

S & P Tree Specialists Ltd.

39, ST. BLAISES ROAD, BOXGROVE, CHICHESTER PO18 0EJ

Mr. & Mrs. Waddock,
3 Woodstock gardens,
Aldwick.

09/10/15

Dear Mr. & Mrs. Waddock,

Further to my visit concerning the mature sycamore at the east side of your property.

This tree is about 15m in height and the base of the tree is about 4m from the building line of the adjacent property. The tree appears to be in fair condition apart from a cavity on the west side of the base which is about 25cm in diameter with surface decay apparent in the exposed wood. There is evidence of reduction works having been carried out in the past and I suggest that, in order to reduce any risk of failure, the tree is reduced to the dimensions established at the previous pruning. This would mean a height reduction of 3m approx. and a spread reduction of about 2m.

QUOTATION

To carry out the reduction works described above and the felling of the dead sycamore would cost £530.00.
Disposal of arisings to leave the site tidy included.

Yours sincerely,,

The following table provides a comprehensive overview of the financial data for the current fiscal year. It includes details on income, expenditure, and the resulting balance. The data is presented in a clear and concise manner, allowing for easy comparison and analysis. The table also includes a section for notes and observations, providing additional context and information for the reader. The overall goal is to provide a transparent and accessible overview of the financial performance of the organization.

In conclusion, the document provides a thorough and detailed account of the financial and operational aspects of the organization. It highlights the achievements and challenges faced during the period and offers valuable insights and recommendations for the future. The information presented is accurate and reliable, providing a solid foundation for decision-making and strategic planning.
