Dear Sirs

I thank you for your email of the 10th and would answer your queries as follows.

1. I have no connection with any of Arun's staff either directly or indirectly.
2. The work is nothing more than keeping the tree in shape, and as it is evergreen the works could best be described as tightening the ball shape that has now become a little loose. As the tree is perhaps 10/11 metres in height and 8 metres across I consider we would be tightening the ball all around by no more than 1 metre.

Should you require any further information please do not hesitate to come back to me.

J.A.Wiggs
