

Recommendation Report for Works to Tree(s) on trees subject to a Tree Preservation Order (TPO)

REF NO: AW/323/18/T

LOCATION: 2 The Lawn
Aldwick
PO21 4XJ

PROPOSAL: Fell & remove 1No. Hornbeam tree & reduce by 5m over highway & 2m from boundary 1No. Hornbeam tree.

SITE AND SURROUNDINGS

DESCRIPTION OF APPLICATION	As above
TREES	The trees outlined in this application are located at the front rear of the property.
SITE CHARACTERISTICS	Dwelling with garden to front and rear.
CHARACTER OF LOCALITY	Residential area.
No relevant history.	

REPRESENTATIONS**REPRESENTATIONS RECEIVED:**

Aldwick Parish Council: No response received from Aldwick Parish Council

No response received from nearby occupiers.

COMMENTS ON REPRESENTATIONS RECEIVED:

Comments noted.

CONSULTATIONS

Arboriculturist

CONSULTATION RESPONSES RECEIVED:

Tree Officer Comments:

·Trees form a linear evenly spaced grouping. They are even-aged with similar form but of varying condition. They grow outside of the main garden and appear to be on a roadside verge; as such they are an established and prominent feature in the local street scene.

·A pre-application meeting was held between the applicant, adjacent resident and local authority tree officer on 5th November. At this time, a mutually agreeable management plan was discussed and this is reflected in the work proposal being considered here, although it requires clarification, as I describe below:

·It is proposed to undertake the following work to the southernmost tree: 1. Crown lift to achieve

maximum 5metres overhead clearance above the carriageway. 2. Reduce back lateral extent (west aspect only) by maximum 2metres.

·It is proposed to fell the middle tree to ground level. This tree appears to be under considerable physiological distress arising from probable fungal infection low in the main stem/roots, with associated high deadwood content across the upper crown.

·The northernmost tree has not been proposed for any pruning work

Conclusions:

·If the pruning work is undertaken to a good standard and at the right time; then it is unlikely to have an adverse effect on the tree's long-term vitality and visual amenity.

·The works proposed are justified on arboricultural grounds and there will be no significant loss of public amenity on completion of the proposed works.

·A replacement tree for that felled will not be necessary at this time, although further planting would be following future demise of either companion tree.

Recommendations:

·I recommend CONSENT for this application, subject to the following conditions:

Conditions To Be Applied to Approved Work: -

·Where whole branches are to be removed and final cuts made close to the trunk or branch union they are to be made as shown in Figure 2 of BS3998:2010

·Where branches are to be shortened back the final cuts are to be made at the correct angle shown in BS3998:2010 and adjacent to a live bud or lateral.

Reasons: In the interests of the trees continued health and vitality and to accord with current industry guidelines and sound arboricultural practice.

- See also the standard pruning guidance notes issued with the consent letter.

DEVELOPMENT PLAN POLICES

PLANNING POLICY GUIDANCE:

NPPF	National Planning Policy Framework
NPPG	National Planning Practice Guidance

POLICY COMMENTARY

The above policies are general and, other than online Planning Policy Guidance under references ID 36-090-20140306 and ID 36-091-20140306, are not specific to trees.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 198 of the Town and Country Planning Act 1990 states:

"If it appears to a Local Planning authority that it is expedient in the interest of amenity to make provision for the preservation of trees.... they may for that purpose make an order"

The works to the trees are to be judged having regard to amenity

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

Following comments from the Tree Officer it is recommended comment be approved subject to the following conditions and informatives.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1
 - Where whole branches are to be removed and final cuts made close to the trunk or branch union they are to be made as shown in Figure 2 of BS3998:2010
 - Where branches are to be shortened back the final cuts are to be made at the correct angle shown in BS3998:2010 and adjacent to a live bud or lateral.

Reasons: In the interests of the trees continued health and vitality and to accord with current industry guidelines and sound arboricultural practice.

- See also the standard pruning guidance notes issued with the consent letter.

- 2

INFORMATIVE: The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest

between March and September and therefore removal of dense bushes, ivy or trees or parts of trees etc. during this period could lead to an offence under the act.

- 3 INFORMATIVE: This notice does not give authority to destroy or damage a bat roost or disturb a bat. Bat species are protected under Section 39 of the 1994 Conservation (Natural Habitats etc) Regulations (as amended), the 1981 Wildlife and Countryside Act (as amended) and the 2000 Countryside and Rights of Way Act. It is illegal to damage or destroy any bat roost, whether occupied or not, or disturb or harm a bat. If you are aware that bats roost in a tree(s) for which work is planned, you should take further advice from Natural England (via the Bat Conservation Trust on 0845 1300228) or an ecological consultant before you start. If bats are discovered during the work, you must stop immediately and contact Natural England before continuing.

- 4 INFORMATIVE:
