Dear Mr and Mrs Musa,

I have received the slate sample and the drawing. However, I have a couple of issue with the drawing. Firstly, it is marked as being 1:1 scale at paper size A3 but you have provided us with an A4 drawing so we would not be able to scale from it unless we enlarge the drawing (which can then throw the measurements out). Secondly, the drawing is really faint. We need to upload a copy to our website and I have so far been unable to scan it such that I can see the scanned image (I have tried in colour, B&W and have experimented with higher resolution settings. Can you comment please on the size of the drawing and whether a clearer/bolder drawing can be produced?

Kind Regards

Hi Simon,
My mistake. Apologies for that.
Mrs Musa will be dropping hard copy off today.
I'll email as well later so you have electronic copy.

Kind regards
