Dear Joe,

Could Bernie have a look at this application as soon as possible. I would like to draw your attention to the fact that the four Yew trees are sited in the rear garden of No 38 and according to Mr Ostler Chairman of the Craigweil House and Its Environs Conservation Area Association were part of the established walk known as the walk leading from Craigweil House to the lawns of the estate.

Thanks

Janice

Hello Mrs Coney

No, sorry, I was not clear! I am looking for an ADC arb. report - presumably from Bernie Harverson and not the trash from the applicant!

Regards,

Richard Ostler

Dear Mr Ostler

I am replying to your email in Nicola's absence today.

Having checked the information contained within this application, I can confirm that a supporting statement & letter from RS Landscapes form part of the application. The details are also shown on the website.

However, I have placed paper copies in the first class post for your information.

Regards

Mrs Coney

Hi Nicola

I suspect that there should have been an arboricultural report in this case.

If so, can it please be posted - comment ended on the 30 January 2014.

Thanks and regards,

Richard Ostler, Chairman, CHECAA
