Application A.W. 336-13

Mr Simon Davis,

I object to the change of use of the Russell Hotel. Blind people from the East Coast will have nowhere to go without a long journey. It was built for the blind & partially sighted & should stay as such.

On a personal note, the pool is used by local people (a large number) to exercise and after with doctors approval. It does help to keep the local oldies fit, and active, I am 87 & swim twice a week.

Please take note of these remarks
Yrs faithfully

re: AW336-13

Dear Mr Davies

Russell Hotel AW336-13

I will introduce myself;
a 90 yearsold widow living
next door to the Hotel &
Swimming Pool.

I visit the hotel at
least once a week to
swim and lunch and
I find it a lifesaver
enabling me to walk
and meet my friends.

2.

As the Royal Norfolk Hotel is no longer what it was, the demise of the Russell can only be extremely detrimental to the Alderburgh Seaside Neighbourhood which is lovely for all and particularly the disabled.

Please consider this carefully when making your decision.

Sincerely,

(P/10)

TO THE PLANNING DEPARTMENT, RE THE RUSSELL HOTEL

We have just returned from a most enjoyable stay, over new year in the very excellent Russell Hotel, where we have often stayed before, enjoying all that Bognor, and the surrounding district has to offer.

This hotel offers first class facilities for able bodied people, and the disabled alike, with excellent facilities for assistance dogs. The special rooms for wheel chair users, are second to none.

We, and many others who have stayed at the Russell are shocked, and disappointed to learn the current owners are trying to sell it to organizations who will no longer use it as a hotel. Your town has few hotels, and certainly none of the standard of the Russell. Therefore, we do strongly urge you when considering any planning applications from other interested parties, that you remember that this hotel is a huge asset to Bognor, and make every effort to ensure that the Russell remains as a hotel.

We hope to enjoy many more visits to your town. This will not happen without the Russell.

Yours faithfully

Lindsey and Mike Pannell..
