**Objection to Proposal AW/336/13/**

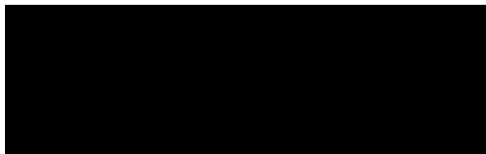

For a change of use from a hotel (C1 Hotel) to a residential care home

I object to this proposal AW/336/13/ in that any restriction or loss of amenities whatsoever to the swimming pool in the Russell Hotel and the swimming pool environs would be totally detrimental to the usage of the pool by the general public of Bognor Regis.

Furthermore Government policy is to improve and maintain the health of the general public and any loss of an amenity such as a swimming pool used by the public would run counter to such policy.

The design of this swimming pool has unique facilities for blind, partially sighted, and infirm persons in Bognor Regis and surrounding areas. Many older people use the swimming pool for general health improvement and maintaining physical fitness as well as for convalescence after operations and illness.

The loss of this swimming pool and facilities would be a great blow to many older and also younger people of Bognor Regis who swim in this pool. Furthermore the cost to the Town and County of such a loss would certainly increase health and social costs because more illness, injury and loss of general fitness would undoubtedly result.

Yours Faithfully
