Subject: Representation on AW / 336 / 13 Change of use from Hotel to Residential Care Home (C2 Residential Institution)

I write , reference the proposed above mentioned change of use.

My son , Alan , is confined to a wheelchair ---- a sufferer of Secondary Progressive M.S and he is a full time resident in Ashley House. Whilst he could not receive better attention from the Nursing Staff the accomodation leaves a great deal to be desired. Despite great efforts to make the House habitable , the building is slowly falling into a state in which patients should not be living.

There is little point in itemising the problems. Suffice to say they are numerous.

It would be in the best interests of all concerned , if the proposed move to Russell Hotel , was to be sanctioned and the approval , would be met with the heartfelt thanks of all the patients, staff and interested parties.
