Reasons why the residents of Ashley house need the Russe hotel as their new home.

As it stands, where we are now is not fit for purpose because:

- it is unacceptable that we have to share bathroom facilities.
- Bedrooms are not big enough for the wheelchairs used in the building.
- There is a large area of the building that is completely inaccessible to wheelchair users (upstairs)

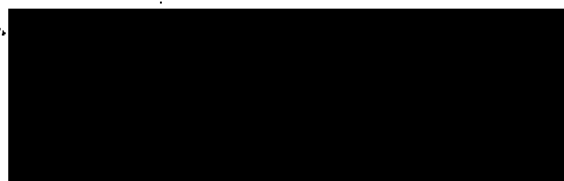

Why the Russe hotel would be more Suitable.

- we all would be able to move freely around the whole building,
- our bathroom facilities would allow for and enhance our privacy

Overall the Russe hotel would make a big difference to all the residents at Ashley house, concerning our independence.
