Subject: Planning application - AW/336/13 - Russell hotel change of use

Dear Mr Davis

I am a visually impaired person who has stayed at the Russell hotel twice. I have found it the most comfortable and well serviced place I have ever stayed at. Coming from Oxfordshire it is the most easily located vision hotel for my husband and me.

As you will know, the Russell has been purpose built for blind people and so should stay that way. I feel that if it were to close it would be a great loss to many people - not just visually impaired people. It upholds a great principle of operating not for profit. Blind people are offered a discount but it appears that many visually sighted people also use the hotel. I am sure that with better marketing, there would be enough people to use the hotel and that it could continue to enhance the economy of Bognor Regis.

Please could my comments be taken into consideration in deciding on a change of use.

Yours sincerely

Mrs Linda Sandels
