Subject: One Stop - Signage Installation - Ship Inn, Aldwick

AW/337/19/A

I wish to voice my concern regarding the signage proposed by One Stop on the premises of the old Ship Inn, Aldwick. These tasteless signs, being red in colour and several of them, are totally out of keeping with our environmental area and far too bright. They will do nothing to enhance the old Ship Inn building which has always been considered to be of special character. The light over the car park sign adjoining the grade 2 listed wall is undesirable. This ancient site and the nearby cottages deserve better than this.

Vivienne Salmon, Stirling Way, Aldwick
