Subject: The Ship Inn, Aldwick - OneStop Signage Application AW/337/19/A

Dear Ms Willard,

As a local resident, I wish to voice my objections to the proposed OneStop Signage on what was The Ship Inn, Aldwick Street.

Their proposal is completely out of keeping with the area and especially on a building officially deemed of "special character". The proposed illuminated signage in the car park will have an undesirable effect on the adjoining flint wall of the Grade 2 Listed building. It's a further degrading of Aldwick as an urban village environment.

OneStop's proposed signage is too big, too bright and too garishly-coloured. Also, the application does not meet the degree to which outdoor lighting can be powered by on site renewable sources.

Also, OneStop's proposed window dressings are detrimental to this area of "special character".

Thank you for your attention.

Sincerely,

Beverly Appleyard
