The Ship Inn Aldwick

Please be advised that I am opposing the signage of the proposed One Stop Store, it is totally out of keeping with the Special Characteristics of the building and in the local area and we have many grade 2 listed buildings that it would be detrimental to.

The environmental aspects on such bright lighting come at a time when Britain is looking to reduce any further impact with unnecessary energy usage. The window dressings are just obnoxious as they have been for the last few years.

I am still gobsmacked that the council are even considering another convenience store in this area when we have ample in the area including the new smaller one across the road who have recently moved in, renovated the interior and stocked a lot more products to service the community. The past failure of two stores must surely be a warning that the local community will boycott any new development other than a pub restaurant.
