Dear M/s Willard,

Re: AW/337/19/A

I have recently been made aware of the One Stop proposal concerning signage to be installed in Aldwick Street. Two words spring to mind - "hideous" and "obnoxious", and totally out of keeping with the character of Aldwick village, and I therefore wish to express my strong objection to it.

Perhaps it is time for our councillors to stand up and be counted, take account of the unique character of Aldwick Village, and not meekly surrender to the demands of big business bully boys.

This should apply equally to signage as well as their application to re-open the Ship as a garish, so-called "convenience" store - totally out of keeping with the village and twenty yards from a convenience store which has served the village well for decades. A "One Stop" store is not wanted, needed or required!

Yours sincerely,
