FOR THE ATTENTION OF CASE OFFICER AMBER WILLARD, ARUN DISTRICT COUNCIL

OBJECTION TO : AW/337/19/A . One Stop Store Application for signage on the Ship Inn site

I wish to object to the planning application AW/337/ 19/A.

The planning application seeks to erect inappropriate signage on the Ship Inn pub building and site, designated with Arun DC as an Asset of Community Value. The building is also recognised as of "special character" but the signage and its will degrade the building and is out of keeping with the surroundings. The accompanying lighting will pollute the environment in the hours of darkness.

The proposed panels covering the bay windows disfigure the building and are out of character with the parade of shops on the other side of the road. There is also one extra panel proposed on the eastern end of the front elevation which would just add to the issue.

The proposed sign in the car park entrance is asking for trouble, it is an invitation to motorists to pull in quickly into the car park which would be highly likely to cause an accident of some description. Aldwick Street is a busy, narrow road so any unexpected manoeuvre is likely to be a safety hazard for tailing vehicles and those trying to exit the car park.

I believe that the Parish Council has already described how the signage proposals conflict with policy on locally listed heritage assets and that the lighting does not meet standards for renewable power sources. I agree and support those objections.

For all these reasons I ask that the planning application be rejected.

Yours sincerely

Mrs Clare Furse
