Subject: Planning Application AW/337/19/A

I am writing to raise an objection to the planning application for signage on the property of the Ship Inn n Aldwick Road. - AW/337/19/A

The proposed signage will be totally out of keeping for the area and create unnecessary light pollution. The property is opposite 4 other business premises all lit in a subdued manner. In the hours of darkness this area is quiet with a low volume of passing trade. It is difficult to see how the business will gain from the signage but it is clear that it will damage the look and feel of the area. and cause disruption to the residents.

As these signs are unnecessary and damaging to the area with no positive benefits to anyone the planners are asked to put the lifestyle of the residence and their right to a calm village like existence ahead of the unnecessary visual disruption that will be caused

Best Wishes

Graham
