Dear Mr Sinclair,

As it stands I have received comments from our tree officer and the application with it's current proposal has been decided for refusal. However, the tree officer would be able to approve this application subject to conditions for lesser works as described below:

T3 Oak – Repeat crown reduction pruning, removing approximately 1.5m maximum of regrowth since last operation. Finished dimensions of approximately 16metres height and 8metres spread, subject to conditions.

If the applicant and yourself are happy with this revised proposal please can you email me back to confirm this by Friday 15th at 15:30 and I will be able to approve this subject to the conditions.

If I do not receive a response by this date and time the application will be refused.

Many thanks
