Dear Mrs Johnson

23 December 2014

Re: Revisions to Planning Application for 68 The Drive Bognor Regis PO21 4DS

Please find enclosed 4 complete sets of the revised plans together with the 1;1250 and 1:500 plans as per your your letter dated 17 December 2014.

The following information I trust will now provide you with sufficient detail to be able to process this application.

1. We do not wish to include the Solar roof installation as part of this application. My client will address the issue of planning with his specialist contractor who will deal with this separately.

2. It is intended that all windows and external doors are replaced and they have therefore been given a location prefix should you need to make specific reference to any one component item.

3. The swimming pool surround will be formed using a natural stone-paving slab. We are quite happy for this to be made a reserved matter if you wish to approve a sample before the construction.

4. The Velux roof windows do not provide light into the first floor rooms they are intended to add light to the roof void.
