Re: Revisions to Planning Application for 68 The Drive Bognor Regis PO21 4DS

Please find enclosed 4 complete sets of the following revised plans:

Dwg 68/2014/1 Rev B and Dwg 68/2014/1A - Showing the overhead location of the south elevation balcony and position of the steps at ground floor level. Both plans need to read in conjunction but now show the steps where previous omitted.

Dwg 68/2014/2 Rev B - First Floor Plan Existing showing the steps centrally located in respect of their position to the existing first floor balcony doors.

Dwg 68/2014/30P - Addition of the existing first floor extension to the East Elevation where not previously shown.

Dwg 68/2014/60P - Removal of the original external door to the East Elevation which now corresponds with the proposed elevation **Dwg 68/2014/30P Rev B**.

1:500 Block Plan with the Street Names added.

It is proposed that all external windows and doors where shown on the proposed elevations and identified by a reference prefix, "w" for windows and "D" for doors will be replaced. This was indicated previously on **Dwg 68/2014/40P Rev A** and in our covering letter of 23/12/2014.

I believe that these amendments now satisfy comments and requests contained in the two emails dated 24 December 2014. Due to the Christmas holidays and office closure these emails were not read until our return to work on the 05 January 2015.

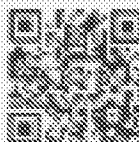

Yours sincerely,

Nigel Scamman
