Good Morning

Thank you for the attached CIL form which I have uploaded to the application.

I have checked the plans and have found the plans requested. I have also checked the measurements of the windows etc, and on the Front Elevation window I've got the following measurements:

Dwg 1 = 1.8m (existing elevation) and 2.1 m (existing floor)
Dwg 2 = 2.1m
Dwg 3 = 1.8m

Please can you check the measurements, amend accordingly and re submit.

Kind Regards

Nicky

Thank you for your email of 15th February.
I enclose CIL Form 1 for the application.
Re the drawings, they are labelled as follows
drawing 1 Existing elevations
Existing plans
Location plan
drawing 2 Proposed plan
Site plan
drawing 3 Proposed elevations

The lower roof plan, of the front canopy is dotted on the plan on drawing 1 and the proposed front canopy and porch dotted on drawing 2. This is repeated, with the side/front extension roof plan on the site plan on drawing 2. Please advise me if these are not acceptable in any way.
