Subject: FW: Objection to AW/353/20/OUT

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: Objection to AW/353/20/OUT

Dear Ms M Tomalova

Arun Planning Committee

An Objection to **AW/353/20/OUT**

We strongly object to this application as it is against the **Open Plan Garden nature** of the West Meads Estate and would stick out like a sore thumb to all of the surrounding properties and street scene

All residents deeds state that no enclosure or structure should be built in front of the building line which would include the side of a corner plot and totally goes against the **Parish Design Statement**, Aldwick Parish Council June 2015. (page 71)

It is also clearly written into the original building consent for West Meads

If allowed this would set a terribly bad precedent for the whole estate.
