Dear Miss Burrows,

Ref AW/357/14/T.

With regard to the 4 lime trees affected by our application the following are the crown height reduction proposals :

Trees left to right on diagram:

No 1 remove approx 6 metres.

No 2 remove approx 4 metres.

No 3 remove approx 4 metres.

No 4 remove approx 4 metres.

This will leave them all the same height.

I hope this information is satisfactory.

Regards,
Michael Sullivan.
