Dear Mr Denton

Thanks for your reply.

You will know that I monitor Applications relating to our Conservation Area here in Craigweil and question when the website does not show all relevant paperwork as **our records** are as important to us **as records are to you**.

Thank you for confirming this report is progressing and I await the **Decision letter** on AW/28/18/T as soon as it becomes available and to the **Tree Report attached to AW/363/17/TC. I will check it's appearance on the website.**

Kind regards.

Ian J

Dear Mr Jefferies,

Thank you for your email.

AW/363/17/TC relates to the trees on the property that are not covered by a Tree Preservation Order (2No. Cupressus). I will speak to the team about this and get it uploaded as soon as possible.

AW/28/18/T relates to the trees that are covered by a Tree Preservation Order on the site.

Please let me know if you have any questions.

Regards,

Z Denton

Subject: AW/363/17/TC

Dear Mr Denton

May we please have published the Tree Officer Report regarding this Application AW/363/17/TC.

Whilst on this address at 28 The Drive , I have to say, keeping an eye on progress of the three recent Applications has been a problem. **AW/348/17/TC** having been withdrawn, then replaced with **AW/363/17/TC**, now Approved but with no Tree Officer Report published---**And now with AW/28/18/T** progressing with an Arb Report of 15th Jan published yesterday the 8th Feb, together now with the fact that **the Application Form published for AW/28/18/T is identical as that of AW/363/17, with the same Arun identifier in the bottom left hand corner of the document, rather than a fresh publication with it's new number.**

I feel I have passed a degree in detection monitoring with additional mind reading with flying colours.

Many thanks
Ian Jefferies
