Dear Clive,

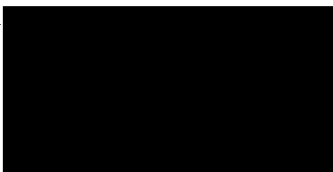

Tree Preservation Order for Oak Tree in Garden of 20 The Oaks

I am writing to you following our recent chat regarding the Oak Tree in your garden that currently overhangs our boundary fence.

As discussed, I would like to have the Oak tree pruned back as it is now very close to the bedroom window. I will use a professional tree surgeon and of course I am seeking permission from the Arun District Council for the works to be carried out in line with the Tree Preservation Order (TPO).

I contacted the Council to obtain the forms re the TPO and was told to speak to the landowner to get permission prior to making an application. To this end, I would request that you confirm our discussion that you are in agreement for me to carry out the works subject to obtaining the requisite permission.

If it makes life easier, I have included below a form of words which could be used to confirm your agreement. I would simply forward a copy of this correspondence to the Council with the application.

Phill Russell

I, Clive Lawrence of 20, the Oaks, confirm that I give Phillip Russell of 19, the Oaks, permission to have the works undertaken to cut back the Oak tree which is growing in my property, and which is overhanging the boundary with 19, The Oaks. The works must be subject to gaining relevant consent from the Council.
