Dear Sir

**Town & Country Planning Act 1990 (as amended) Town & Country Planning (Tree Preservation)
(England) Regulations 2012 Application for Works to Tree(s) on trees subject to a Tree
Preservation Order (TPO) Development Prune 1 No. Oak tree. 20 The Oaks Aldwick**

I refer to your letter (via e mail) dated 2 January concerning the above and in particular requesting information regarding: -

1. Confirmation in metres the branches to be removed.
2. Need to highlight location of tree on location map.

I can confirm that the length of pruning requested is 4.1 metres This being the distance of the overhang from the boundary fence with number 20 and my property number 19. I feel it worth reiterating the point made in my application that when the house was built the builder had pruned the tree within the boundary of number 20 and there is evidence of this pruning still visible.

As requested, I have included below a site plan – Appendix 1 on page 2 showing the location of the tree and the approximate extent of overhang. I hope this information is acceptable and look forward to hearing from you in due course.

Yours sincerely
